

01 OCTOBER 2005

Picnic at the Point

Almost a year ago today, we started an event that will continue for the next few years at least, as long as George Devol, Kathie Temple Azoff, Ginny Theis and JoAnn Tripodi Loparco provide the brains and the brawn behind the planning of this great event. A debt of gratitude goes out to this crew and their hard work, not to mention the delicious dinners we have at JoAnn's Tom E Toes when we meet. For those of you who will say, "That if it were not for me (Bob McMillan), this wouldn't have happened". The answer is yes, but I would plea "guilty with an explanation".

The original idea lies in the competent hands of Vincent Pantas who came up with the Senior Chorus CD's as well as the Clambake at Tod's back in July of 2003. We never had the clambake, but the CD's went on to assist in the financing of the first Picnic at the Point. Bringing this newsletter back to this current date, we have others to thank and then on with the photos.

Bright and early Sunday morning, a small group collected at Tod's and slaved over a hot hibachi to bring this year's event to life... Our thanks go out to the regulars, as well as, to Doug Fischer, Bill Christiansen and his wife (who did more work than Bill...LOL) and John McLane. Also we have Gene Davino to thank for the annual recording of all the "weathered" faces of the class of 1962. Some have weathered much more than others, but we had a very difficult time this year choosing the "least weathered", so I will step aside and let the class decide... on with the show...
