I can't believe I'm writing to you! I've often wondered what happened to our Byram group. I graduated from UCONN and lived in Bristol, CT for many years while my husband went to UCONN law school. Then we moved to Falls Village, CT, where we lived for 27 years. I have a son and a daughter and 4 grandchildren! We moved to Wyoming six years ago. Don't miss the East Coast at all. My husband, Ed, and I are booking agents for over 300 outfitters for hunting and fishing expeditions all over the world. I've been hunting in South Africa, Argentina, Mexico, Alaska and all the western states. I remember Bob Frey very well. My cousin, Jeff Mayer, and I used to hang out with him. My mother used to work for Chris Jacobsen's father in the office. Small world! Let me know what's going on with other graduates. New Lebanon School and Greenwich High- seems so long ago!

Photos that never made it into the yearbook... but not because they weren't "trying". So we have these from an anonymous source... The WW-N-W Deep Throat, no matter how much you pressure you put on me I will not divulge the names of my sources.

Aside from the Two (2) Juniors in the photo at the upper left, we have, several of the [ghs1962reunion](#) group, including Judy White Chapman, Marion Hopkins Engstrom and James McAfee. Also among those who are "Still Missing", Pam Cuming, Jack Belicka and Francis Barney Howell.

Lastly, there are photos of Jeff Tigner and Jim Kelly, sadly they are no longer with us, and it is the wish of photo donor (anonymous), that we honor their memory.

Jane has found another  
"Where is this place?"  
artifact for the group to ponder.  
The caption reads:

View of Horseneck Brook  
Brookside Drive Greenwich  
Conn

George Devol lived on Brookside, maybe he  
can tell us where this bucolic setting of a  
stream and bridge can be found.
