New Kids on the Block

Sherry **THOMAS** Hoover . Lafayette . CA
sth200@msn.com

Of course this all starts off quite innocently, as I have just finished walking Spike (Yella-Dawg) and have turned in for the evening to read down through the afternoon mail and I come across a note from a Sherry Hoover... I see that she lays claim to having won the heart of one "Howie" Hoover and as a diligent "wifey" arranges for a trip back east to visit the "In-Laws"... but dang nabbit... us eastern folk, tend to read the "last" lines "first"... and a little yearbook research later, we have a "winner"... Sherry Thomas is hiding out in Howie's house...

Sherry's eMail:

Howie and I have been having fun (mostly) with WW-N-W. We have worked out a trip east for the "event", but we are late of course. I cannot find an email address for Kathie Temple. Could you forward this to her? I am putting a check in the mail to her. If there is a problem with beach passes, I think we can use one belonging to one of our numerous family members living in Greenwich. We are looking forward to seeing everyone, especially after all the gossip, etc.! Sherry Thomas (Howie Hoover, eee gads, how did *they* get together?) P.S. Craving lobster

I doubt the booth at Tod's Point will be this well-staffed when you have the big party next month! (Labor Day, 1966 - Jeff Ferris, Tom Gorin, Jim Johnstone) Sorry to miss the party, but I have a gig in Pensacola (if it's still there) that weekend.

I can't make out the sign too clearly behind Jim, but it appears that the cost of entry today is a trifle bit more expensive. I believe that the current cost of entry for a non-resident is \$20 for the car and \$10 per person... And you don't get to see these three guys for that kind of "dough"... I think the current staff wears pith helmets or park ranger "gear" and reflector sunglasses.

I just got off the telephone with Coach Charles Luce... He's really happy to hear from our group and is very excited about the work that we are doing to re-organize the class of 1962... Sadly he already has an engagement for the 3rd of October and

can not come to the Picnic at the Point, and wishes to send his best to the group...

He asked if any of you want to reminisce over the old days... give him a call.

And while I was on the telephone with the coach, I mentioned how we ran a piece on Sam Rutigliano, way back in the early days of the newsletter. He chimed right in and said... we keep in touch and gave me the following:

John **YANKOWICH** . Penrose . CO

If anyone out there lives near John in the Penrose area, call him and see if he's "wired". It would be highly appreciated. Penrose is also called Crested Butte.

Will the Mystery Guest Please Stand Up

Dr. Jill **McGOVERN** . Washington . DC
jmcgover@nmdp.org

The person at the end of the third row of the North Street School Class of 1958 is definitely Cindy Day. I am sorry that I cannot identify the mystery person next to Peter Boysen.

Who is the lady in the center of the red square ?... She has yet to be named.
