Old Friends and New Faces

The weekend of the big Shindig at the Point... and people are buzzing around the picnic site, along with the bees, but your intrepid reporter is hard at work getting the scoop on the old Friends and new Faces. Of course the old Friend should be lead off by George (Tony) Friend

Even I Can Make a Mistake

Yes it's true... I am getting older and often hit the wrong key when I hunt and peck around the keyboard, but it really causes problems when I drop someone's eMail off the slate and they stop receiving the Newsletter. So apologies go out to the following "patient" individuals...

I am so sorry to write this because we both wanted so much to attend this weekend. Nancy and I will not be able to come to Greenwich for the 60th bash. We have a conflict which we can't avoid. Our Great Waters Music Festival is having a major retreat on this weekend and we must attend . Congratulations to you and so many others for all you have done. We did get the CDs and they are wonderful. I will always treasure the fabulous times we had with the Senior Chorus and the beautiful music we created together. Please keep in touch. Give my best to everyone and tell them that they will never be forgotten. Gerry and Nancy Mack

The Party's Over... Time to Call it a Day

A whirlwind weekend, and I am back in the apartment, getting ready for the week ahead. Yes, for those of you who are still in the belief that I am retired or have very little work to do... I am really employed and the Office has found an inordinate amount of work for me to do, as well as the 150+ other slaves of the Architectural profession that I toil with from Monday sun-up to Friday Sun-down... not to mention any free time on the weekends. It's Sunday night... sun went down about 2 hours ago and the evening has cooled enough to have a fire going in the living room, and another in the den. The view to the north is Uptown across the rooftops at 36th street and to my west the Empire State is glowing high overhead. I know that

there are a bunch of ants up there using those silly periscopes to look down on my terrace and say... what a "sh-thole" why doesn't that guy get rid of that junk. "It's Art Stupid"...

Back to the storyline... Yep, this was the

Going 60 into Our 60's

Reunion Weekend and a great turnout was only made greater, by the weather... Magnificent... would be understating the "gift" we were given. The day was un-describable. It all started with Pizza Ladi Saturday Night in the Wilton CT Restaurant of Joann Tripodi Loparco. The early evening was a delightful balance of JoAnn's regular customers and the Unruly Bunch of GHS Hooligan's... but it did not take long before we took over the place with a grand turnout of 33 very recognizable faces and Joann making it 34.

I won't begin to name all the attending, but the long distant runners, was lead off by Ann Zellner Culbertson, with a close second for many others including Jane Benjamin Sheen, Nancy Schmidt Lambert, Pamela Parker, Gene Davino, Kelley Kaufman, Harry Newman, Jeff Ferris... I will apologize and admit to having a "senior" moment... if I have forgotten anyone. We also had a lot of the upper CT group, led off by Bill Christiansen, Ward D. Bing, both with their misuses, Bill Herbert and Mike Taylor. There are going to be a few people that will not believe this, but there are definitely a few of us that have "never aged". I won't mention any names, but several of our fellow classmates, have found that "magic fountain" that Ponce De Leon was seeking. For those of you, who know "who I mean", I have to say... "Yum, Yum, want to get me some"...

Sunday and the park was perfect. I arrive at the "crack of dawn"... (6:42am) NOT.... 8:45-9:00 and the crews are busy setting up the pavilion. My "deepest thanks" go out to the unwavering dedication and strengths of the "steering committee", with Kathie Temple Azoff, George Devol, Ginny Theis, Joann Tripodi

Loparco, John McLane, Bill Christiansen, Gene Davino, Doug Fischer and Bob Cassone, for putting together a truly memorable day for the over 100 attendees from the years 1961 through 1964 that came to our event. Without the help of these truly wonderful classmates, we had an amazing amount of food, drink and thanks to Bob Cassone... the Biggest and best Cake for a Milestone 60th Birthday Bash. As the photos come in from both events, we will publish all in the newsletter...

It's nearing "Beddy-Bye" time for me... I have been traveling for the last few hours. And the far end of the apartment is dark and "comfy" looking... "Sleeeeeeep"... as my son usually has as his "Away Message" on Instant Messenger. In fact, he was down for the weekend and attended my Office Clambake at Soundwaters in Stamford, in my absence. As I write this... he has just come on the AOL I.M.
